BRISTLES D.C

BRISTLES D.C

Bristles D.C formed from the ruins of Bristles (2 ep´s,sampler lp´s).
Svegis was the only member left from Bristles,the others have tired
of that kind of music.He decide tocontinue with some new members.

Svegis was the man who bring Bristles together in 1982 so he and the
new members think thatthey can keep the name Bristles.
There was one diffrent and that was that they put D.C after Bristles.
They also kicked out all the old Bristles songs.

D.C stands for Da Capo that means a new beginning.The reason for that
was that they don´t wan´t to beassociate with the shit-rock-star-lyrics
andthe rockstarattitude some of the members had in the end with Bristles.
They just wan´t to have the same attitude that the Bristles had when
they start back in -82.So now they call themself for BRISTLES D.C.
In dec-85 they start to play,the line up was;:
Svegis-guitar,Fredde-vocals,Räkan-bas,Maniac-drums.

In february-86 they play their first gig in their hometown.In february
they also play in their first single Free the Prisoners.
It was out in Sep/oct-86 and it have 3 trax Troops Of Today,Lonley and
Coming Back.It´s out on rosá honung records.
To the spring they probably will be on some samplerzalbums around
the world but nothing is clear yet.
XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX
One thing is for sure and that is that BRISTLES D.C gonna release a
single to the spring

In the end ofoctober Maniac finished(kicked out)to play drums and they
don´t find a new one in the first 2 months but in the first days of
jan-87 they find a replacer.
His name is Stolle and he is a very powerful drummer and he gives
BRISTLES D.C more power to the music.
